Please strive to your utmost to be 3-5 minutes early to each event. A horn will be blown loud and clear at each activity and you will have a schedule nearby. ☺

**Enrollment:** It is our understanding, as the planners (and listening ears toward elders, leaders & students) of the Accelerated Home school Learning Group, that all participants will be respectful, attentive, and fully engaged in classes enrolled in as well as group activities. Biblical principles will be adhered to in our behavior at all times. We will also have forbearance with others, as we grow in character and understanding. This will enable everyone to fully take joy in and glean the most from our time of learning together.

The enrollment form (see separate attachment) for classes listed below must be filled out and sent back to the committee **by Deadline Date: July 19, 2010**. This will help greatly to enable adequate preparation by teachers and planners to make each class run as smoothly and efficiently as possible. We appreciate your cooperation.

**Vision Statement:**

Our vision is to enable children, youth, adults, and families in their quest to be the best stewards of the minds and time granted them by Yahweh, by providing opportunities for learning interaction between home school families, as well as offering classes and workshops taught and led by gifted teachers and experts in areas of interest, valuable life skills, as well as sharpening skills learned at home through team work and camaraderie. In this way, we can strengthen the Body of Christ both in relationship and accelerated growth in learning, wisdom, understanding and practical skills.

**Mission Statement:**

Our mission in establishing this monthly accelerated home school learning group, is to assist and inspire students and their families to excel in their study and learning endeavors both at home and for life, by providing opportunities to challenge, promote interest, encourage, and increase the desire to wholeheartedly grow in wisdom, understanding and the joy of learning. Some goals are to produce confident leaders who are devoted to hear Yahweh's voice and follow His direction and leading in the fields of Biblical Government, Agriculture, Health, Inventions, Knowledge, Business, Music and Skills useful for the purpose of blessing all of His Creation.

P.S. – In reading through the above correspondence, “the committee” is used for lack of a better term. It is not meant to be overdone or to put ourselves above anyone else. This committee was formed to serve the families involved in the Accelerated Home School Learning Group in the capacities of:

- Planning
- Organization
- Communication
- “Making it Happen” & “Keep it Going”

It is our intent to lead by serving. We have truly enjoyed working together on this project and realize we have a lot to learn in this role. The above plan was created to help facilitate the accomplishment of a desire many of us have had for years, in an orderly manner. It is intended for the benefit of all. Decisions have been made to the best of our abilities. We offer our efforts to you in humility with thanksgiving for this opportunity and ask for your help in its execution. Your involvement, input, and participation are of utmost importance. We warmly welcome your comments and suggestions. Let's give it our best, have a great time together, and keep making it better! ☺ Thank you!

With joy, Israel, Suzi and Sarah
